Re: All County Festival - 2006

Dear Ms. Goldman,

I want to commend the Delaware County School Music Directors Association for staging such a fine All County Music performance on Saturday, March 25, 2006.

The talented student performers did an excellent job. I'm always amazed on how well our students can sing, play, and sound with so little time to prepare and practice together. It's a tribute to the local school instructors and the fine instruction each student receives at their home school throughout the year. I was also very impressed with the quality of the conductors your group engaged for these performances. Each brought a special talent, charisma, and enthusiasm to the program, which in turn was imparted to the student performers.

Again, thank you for a great performance and to Delaware Academy for hosting the All County Festival this year. Keep up the important work that all of you do.

Sincerely yours,

A handwritten signature in cursive script that reads "David R. Whipple".

David R. Whipple
Interim Superintendent
